# Fall 2018 Club Options

## Cooking Club with Mrs. Gabree

**Wednesday 3:15-4:15** 10/17, 10/24, 10/31, 11/7, 11/14 makeup date 11/28

**Grades: PK**

**Price: \$100/\$75 if enrolled in the Extended Day Program**

Welcome back Cooking Club fans. Are you ready for a new session? Let's take advantage of fall and create Apple Pies in a Cup, Caramel Apple Crisp, Plain or Apple Pancakes, Green Bean fries and for fun, Bagel Pizzas. Come spend the afternoon with Mrs. Gabree and make these delicious snacks.

## Ooey Goopy with Mrs. Gabree

**Thursday 3:00-3:45** 10/18, 10/25, 11/1, 11/18, 11/15 makeup date 11/29

**Grades: PK/K**

**Price: \$100/\$75 if enrolled in the Extended Day Program**

Do you like to get messy? Mrs. Gabree does! Ooey Goopy just might be the right club for you to join. Participants will make slime, play dough, baking soda eruption prints, moon sand and glow in the dark puffy paint. Don't forget to bring your smock!

## Cooking Club with Mrs. Gabree

**Monday 3:15-4:15** 10/15, 10/22, 10/29, 11/5, 11/19 makeup date 11/26

**Grades: K-2**

**Price: \$100/\$75 if enrolled in the Extended Day Program \$125/\$100 if enrolled in the Extended Day Program**

Welcome back Cooking Club fans. Are you ready for a new session? Let's take advantage of fall and create Apple Pies in a Cup, Caramel Apple Crisp, Plain or Apple Pancakes, Green Bean fries and for fun, Bagel Pizzas. Come spend the afternoon with Mrs. Gabree and make these delicious snacks.

## Club Scientific: Creative Engineers and Inventors

**Tuesday 3:00-4:00** 10/16, 10/23, 10/30, 11/6. 11/13 makeup date 11/20

**Grades: 1-5**

**Price: \$125/\$100 if enrolled in the Extended Day Program**

Join us in creating inventions large and small. Using gizmos, gadgets and everyday objects, students will construct and explore circuitry, engineering and architecture. Creative engineering is focused on the conceptual designing processes whereby creative, or inventive, designs are developed. Students will go beyond practical and analytical thinking and learn to be creative.

**STEAM Club with Ms. Palmer**

**Wednesday 3:15-4:15 10/17, 10/24, 10/31, 11/7, 11/14 makeup date 11/28**

**Grades 2-6**

**Price: \$100/\$75 if enrolled in the Extended Day Program \$125/\$100 if enrolled in the Extended Day Program**

STEAM Club explores different science topics through hands-on activities and experiments. Joins us for 5 weeks of exploring, learning, and creating!

**Week 1:** Weather can be a fun topic to explore. Did you know you can make your own snow? What about a storm in a bottle? Or even sand foam! Investigate all these exciting features of weather.

**Week 2:** What is weathering and erosion? Can I really make my own geode at home? Explore all about rocks and the rock cycle.

**Week 3:** Travel back in time and explore the environment of a dinosaur. Discover how you can make the shell of an egg disappear, learn how to build a lava lamp, and create dinosaur fossils.

**Week 4:** Have you ever wondered how arctic animals stay warm in such cold conditions? How do penguins stay dry? Explore the polar ice and tundra biomes to discover answers to these questions.

**Week 5:** This week we conduct different animal themed experiments. What is elephant toothpaste? Have you ever made chromatography? Are worms good dancers? Get ready to explore and create!
