

Mid-Winter 2019 Club Options

Cooking Club for N/PK and K-3

Instructor: Mrs. Gabree

Nursery-Monday 3:15-4:00

PreK-Tuesday 3:15-4:00

K-3-Wednesday 3:15-4:15

A new session of cooking club is almost here. This time we will split into three different groups, Nursery, PreKindergarten, and Kindergarten through Third. During this 5 week session, the children will make waffles, baked donuts, heart shaped pizza, cake pops and Lucky Charm treats (contains marshmallows). What a tasty club to join!

Cowboy and Cowgirl Literacy Club for Nursery and PreK

Instructor: Mrs. Youmans

Wednesday 3:15-4:00

Giddyup! Stop on by the Youman's Ranch for some good ol' fashioned fun! Students will learn about traditional cowboy life through both fiction and non-fiction books and participate in fun themed activities. Each week will include a creative project related to the week's topic. Yee-haw!

Beginner Dance Combo for N-K

Instructor: Ms. Hart

Thursday 3:15-4:15

After studying dance at Merritt Dance Center in Schenectady, NY for about 13 years, and teaching dance for five years, Ms. Hart has agreed to share her talents with the Brown School community. She will be focusing on ballet and tap. Ballet, being the basis of dance, provides students with the technical foundation of dance. Tap on the other hand teaches rhythm and lets the children make sounds with their feet! Ballet and tap shoes are strongly recommended. If you are in need of dance supplies you can check out The Costumer or Eleanor's School of Dance on Central Ave.

Kids Yoga for Nursery and PreK

Friday 3:15-4:15

Instructor: Amelia Izzo

Join Miss Amelia for a 5 week journey of mindful yoga classes. Come connect your mind and body through the many yoga poses of downward dog, child's pose, warrior poses, tree pose, and the chaturanga flow, as well as engaging in science, literacy, and art activities.

STEM Physics and Brain Teasers for Grades 1-6

Club Scientific

Monday 3:00-4:00

Study physics and how it can be used to analyze and solve real-world problems. Test and Solve near impossible challenges. The methods you should use to solve these problems are not always obvious, but working in a team, students will test and solve challenges.

Volleyball Club for

Grades 2-5

Instructor: Mrs. Cooper

Friday 3:00-4:00

Come try out our volleyball courts. Get ready to bump, set and spike the ball as we learn the game of volleyball. Students will learn the basics of volleyball using drills, games and scrimmages.

Macrame 2: The Art of Knotting for Grades 4-10

Instructor: Mrs. Mossey

Wednesday 3:15-4:15

Return knitters will enhance the "Heart Project" previously worked on. They should bring their project to the first class. New knitters are welcome. We will meet after school a day or two ahead of the first class to learn basic knots. Students will make keychains during the first class. Next, we will make plant hangers from start to finish. Children work at their own pace choosing a pattern, measuring and cutting cord, knotting and enjoying their end project. The last project will be a small wall hanging or a different plant hanger.

Craft Club for Grades 5-8

Instructor: Señora Bosco

Thursday 3:15-4:15

Come explore your creative and artistic side with Señora Bosco in Craft Club! Together we will create a variety of useful, decorative and fun DIY projects. We'll be making glow in the dark mason jars, monogram letters, melted crayon art, sparkling tumblers, cases for your earbuds and more!

Dungeons & Dragons for Grades 7th - 10th grades

Instructor: Mr. Probst

Wednesday 3:00-4:00

Mr. Probst is excited to teach another round of this popular club. This club is very exclusive (only 6 members max) and meets every Wednesday after school. It is designed to teach students the fundamentals of Dungeons & Dragons. Students would learn the core rule system behind D&D before playing the game. Dungeons & Dragons is a tabletop roleplaying game that, besides being fun, helps to promote various skills like creativity, cooperation, and research.
